Food & Beverage Figures · 2026

Giant ideas for food brands.

Custom fiberglass figures and display pieces for burger joints, ice cream and gelato shops, donut shops and coffee shops.

WHAT WE MAKE

Fiberglass figures that sell for you.

Hand-laid hollow shells with a glossy, UV-stable gelcoat finish, designed for window, indoor and sheltered use. Painted in a close brand-color match, in any palette you need. Decorative pieces only, not for food contact.

Entrance figures

Giant burgers, cups, cones and donuts that greet guests at your sheltered entrance.

Window figures

Large pieces that turn your front window into the best ad on the street.

Hanging figures

Pieces that float above counters and windows. Hanging mount included, installation by your contractor.

Counter & menu-board pieces

Smaller display pieces and panels for the register, case and daily specials.

Photo-op mascots

Characters, benches and seating that guests photograph and share.

Custom branded characters too: your brand, your mascot, sculpted for you.

Crier *Studio*

FOR

Burger joints

Giant burgers, fries and mascots that make your storefront the one people remember.

- Entrance burgers & menu-board figures
- Window fries and hanging pieces
- Photo-op mascots and seating

8 ideas inside →

CUSTOM BRANDED MASCOT

Your brand, as a character.

Have a logo, a color palette or a name your customers love? We turn it into a one-of-a-kind fiberglass mascot for your entrance, window or photo corner.

- We start from your brand artwork and ideas.
- You approve the sculpt before anything is produced.
- Finished in a close match to your brand colors.

Brand artwork must be owned by you or licensed for your use.

Example concept sheet and mascot ideas

HOW IT WORKS

From idea to your doorway in six steps.

1

Brief

Tell us your brand, location and where the figure will live.

2

Concept

We send concept art in your colors for your feedback.

3

3D preview

See the form from every angle before we build.

4

Mold

Approved sculpt becomes the mold for your hand-laid hollow shell.

5

Finish

Gelcoat, paint and a close brand-color match, then a final inspection.

6

Ship

Packed in a protective crate and shipped to your door.

Built for your storefront

Hollow hand-laid fiberglass shells with a glossy, UV-stable gelcoat finish, designed for window, indoor and sheltered use.

Small to very large

Counter pieces and mid-size figures are made in one piece. Our largest figures reach about 180 cm and are built in two sections with an internal frame, seams filled and repainted.

Ready to hang

Hanging pieces include a hanging mount. Installation by your contractor.

Concept render · Concept renders. Sizes approximate, confirmed at quote.
