Tonic.
A note

Tonic is a collection of nine compact objects in solid matte primaries, each a single bold gesture: a fold, a facet, a rib, a cut. Scaled for consoles, desks, shelves and walls, every piece ships light and lands with the confidence of color.

Each piece is hand-laid fiberglass, a 3-4 mm FRP shell cured over a plug and finished in a dense, velvety matte polyurethane in one of five colors. The surface is seamless and dust-soft to the touch, with crisp edges that hold their line and a lightness that suits trade installation.
