Atomic Walnut. A note

01 — THE COLLECTION

Atomic Walnut is a nine-piece collection of small tabletop and wall objects that distil mid-century modern geometry into crisp, luxurious forms. Tapered cones, boomerang sweeps and ribbed bands are hand-laid as lightweight FRP shells, finished in walnut, brass, cream and olive for hospitality and residential trade.

Every piece is a hand-laid fiberglass shell of 3-4 mm, gel-coated and hand-finished, so large sculptural volumes remain light enough to ship anywhere under 5 kg. Finishes are durable multi-layer coatings: a grained walnut-look, a brushed brass-look, a velvety matte cream and a deep olive matte.
